

The Guild of Craft and Entrepreneurship – the Employers' Association in Opole, Chamber of Crafts in Opole, Opole Center for Economic Development along with Departments of International Economic Relations and Humanities and Legal Sciences at the Faculty of Economics and Management at the Opole University of Technology are honored to invite you to

**The 2nd Scientific Conference on Craft:
Craftsmanship – its Local, Regional and International Dimension
*CILRAID 2018***

Opole, 11 May 2018

The purpose and scope of the Conference

For centuries, craftsmen played a significant role in the "functioning" of many countries, often becoming a foundation of economic development. Craftsmen also contributed to the social and educational development of many cities, regions and countries. Therefore, the goal of the Conference is to present the activities and functioning of the craft as well as related organizations based on economic, social, educational, ethical and historical aspects. Therefore, we would like to invite you to participate in the Conference by providing articles describing the functioning of the craft as well as organizations and institutions associated with the craft.

Suggested topics:

- Modern technologies and their impact and importance in craft activities,
- Ethical dimension of conducting craft activities,
- Changes in law and their impact on conducting craft activities
- Export and import in craft activities
- Language problems in the translation of contracts, agreements, regulations
- Educational and social activity in the craft,
- Craft history,
- Craft organizations in social dialogue,
- Craftsman and client – dispute resolution, quality of services,
- Crafts – its importance for the economy,
- Crafts and the labor market,
- Family Crafts – opportunities and threats,
- The attitude of the young people to the craftsmanship.
